Amendment After Final Action Pursuant to 37 C.F.R. §1.116

Assistant Commissioner of Patents
Washington D.C., 20231

Dear Madam:

The foregoing Amendment and remarks which follow are responsive to the final Official Action mailed February 27, 2002.

RECEIVED

APR - 9 2002

TC 1700

IN THE CLAIMS:

Please amend the following claims:

16. (Twice Amended) A metal structure comprising an acid containing steel surface having deposited thereon an adhesive mixture of an acid-impervious polymer particulate and a high curing temperature powder adhesive, the adhesive having a curing temperature lower than a melting temperature of said particulate to adhere said particulate to the steel surface after deposition of
